HECTOR RAMIREZ

hramir94@gmail.com | (779)-279-0100 | Willowbrook, IL | LinkedIn | Github

SUMMARY

Front-end developer with hands-on experience building responsive, user-friendly applications using React and the MERN stack. Skilled in JavaScript, problem-solving, and collaborating in agile environments. Passionate about crafting clean UI/UX and building real-world projects that solve meaningful problems.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, Python, SQL

Frameworks/Libraries: React.js, Node.js, Express.js, Flask, TailwindCSS, Bootstrap, SASS

Databases: MongoDB, MySQL, PostgreSQL

Tools: Git, GitHub, Postman, AWS, VS Code, MacOS

Other: REST APIs, Agile/Scrum, Figma, Debugging, Adobe Cloud,

PROJECTS

Frontend Quiz App

Built a responsive quiz app in React with subject selection, dynamic feedback, keyboard navigation, and light/dark mode toggle. GitHub | Live Demo

Time Tracking Dashboard

Modular JavaScript dashboard for daily, weekly, and monthly summaries. Used JSON, reusable components, and responsive design. GitHub | Live Demo

JavaScript Library Tool

Created a custom library for DOM manipulation and form validation, published on GitHub with full documentation. GitHub | Demo
